

My tutor from Speak in Spanish NYC is a very accomplished and dedicated Spanish instructor with a passion for teaching others. I highly recommend Speak in Spanish NYC language lessons to any adult wanting to learn conversational Spanish.

For a year prior to beginning lessons with Speak in Spanish NYC, I attended classes at local Spanish institutes in New York with minimal success. The programs were either too unstructured or not focused on the right things, e.g. conversation and meaningful vocabulary. I didn't feel like I was making much progress in learning the language as well as had little confidence in speaking.

That was when I began taking classes with Speak in Spanish NYC. Within 2 months of taking lessons with her, I found not only my understanding of Spanish grammar had improved but also I could understand native speakers better. Most importantly, I gained the confidence to speak even if when making mistakes.

Speak in Spanish NYC classes are flexible and are tailored to me. She is extremely patient and shows in every lesson how much she enjoys teaching. Moreover, she really understands how to teach adults and is prepared with lessons and homework. I highly recommend Speak in Spanish language lessons and I give my personal reference.

Best Wishes
